

True Pursuit / Wild at Heart BASIC

A four day adventure designed to help a man recover his masculine heart

September 21-24, 2023

When most men boil their lives down it looks something like...get a good education, a good job, a good marriage, a good family, attend a good church, and just then try not to blow it. Most of you know from experience that this way of trying to build your life is flawed, and more often than not, leads to a loss of heart. If a man would be honest, he would have to admit that deep in his heart is a feeling that there is more. But what is it, and how do we find it? The Wild at

Heart BASIC is like a modern-day treasure hunt...think Indiana Jones searching for the Holy Grail. What we will be searching for is the true heart of man, when he is being honest about who he is and where he finds himself, and the true heart of God toward each of sons.

The Weekend

This year we will be using the Wild at Heart BASIC a Wild at Heart Boot Camp led by John Eldredge and his team through video sessions. Through excellent teaching, personal stories, film clips, times of reflection, and adventure activities, each man that attends will be invited to reconnect with God in a fresh and powerful way. The Wild at Heart message is a unique, powerful, and no BS message that has been setting men's hearts free for over two decades. Join us.
