

True Pursuit / Wild at Heart Retreat

A four day adventure designed to help a man recover his masculine heart

May 14-17, 2026

When most men boil their lives down it looks something like...get a good education, a good job, a good marriage, a good family, attend a good church, and then try not to blow it. Most men at one time or another have sensed deep in their hearts that there must be more. But what is it, and how do we find it? The Wild at Heart message is like a modern day treasure hunt...think Indiana Jones searching for the Holy Grail. What we will be searching for is the true heart of man...not when he is posing, but when he is being true. And the true heart of God, without all of the stained-glass and white robes. To rescue and restore what has been lost, stolen, or surrendered. It is a journey that you will want to take.

The Weekend

This year we will be using the Wild at Heart BASIC a Wild at Heart Boot Camp led by John Eldredge and his team through video sessions. Through excellent teaching, personal stories from the TP team, film clips, times of reflection, and adventure activities, each man that attends will be invited to reconnect with God in a fresh and powerful way. The Wild at Heart message is a unique, powerful, and no BS message that has been setting men's hearts free for over two decades. Every man needs a weekend like this.

Who Should Come?

The True Pursuit Weekend is open to all men 18 and older. While many fathers and sons attend, it is not intended to be a Father-Son weekend. The weekend is tailored for men who have a longing to slow down and unplug from the hurriedness of their everyday life and hear from God in new and refreshing ways.

What to Bring?

TP provides earplugs (you're welcome) and a journal. Bedding and towel are provided. Bring whatever helps you to personally connect with God, such as a Bible and your own personal journal.
